SCHOOL YEAR

The school year shall be a minimum of 190 days, including a minimum of 180 instructional days for students and six additional days for the teaching staff, emergency days, etc.

The school year shall be a minimum of 180 instructional days for students as required in the rules of the NH Education Department and additional days for the teaching staff, emergency days, etc.

SCHOOL CLOSURES

Any days that the schools are closed for emergency reasons and are not designated by the Superintendent as distance education days, shall be made up at the end of the school year, as approved by the Board upon the Superintendent's recommendation. Under special circumstances, the Board may request an exception to this requirement from the State Board of Education.

The school calendar shall be developed by the Superintendent and approved by the Board. To the extent possible, the calendar shall be coordinated with the school calendars of the area vocational schools.

In the event schools are closed for excessive days for emergency reasons, the Superintendent may recommend to the School Board a revised schedule that satisfies all Department of Education requirements, but which may amend the number of days in the school year.

Any days that the schools are closed for emergency reasons shall be made up at the end of the school year or during school vacation periods, as approved by the Board upon the Superintendent's recommendation. Under special circumstances, the Board may request an exception to this requirement from the State Board of Education. The Board recognizes its option to explore defining the school year by number of hours rather than by number of days.

DISTANCE EDUCATION DURING INCLEMENT WEATHER

If inclement weather makes it unsafe to safely transport students to or from in-person instruction, the Superintendent or designee is authorized to designate that day as a remote instruction or "distance learning" day. Before remote instruction/distance learning is used as an instructional day for the purpose of satisfying the minimum instructional day/hour requirements of the New Hampshire Education Department, the Superintendent shall ensure that a plan exists with procedures to promote and allow for participation by all students in any affected school.

Prior to approving designating a day as a remote instruction/distance learning day, or any school/district-wide distance education that is dependent on technology, the Superintendent or the designee shall consider the impact that the inclement weather event might have on necessary technology.
